* Transfer Credit/General Notes:

- Credit awarded is subject to degree requirements at the time of enrollment and current transfer credit policy, which are subject to change.
- CSU is in the process of converting to new course numbers and anticipates completion by the end of 2023.
- Direct transfer credit for all degree categories must be a minimum of 3 semester hours, except in the Open Electives category. In cases where 4 or more credits are earned, the remaining credit will be reviewed for Open Electives category, if applicable.
- Duplicate transfer credit is not permissible.
- The total transfer credit amount assumes maximum FPTC general education transfer towards CSU general education requirements. Actual number of transfer credit hours awarded (and therefore the number of hours to be completed at CSU) will be based on actual courses completed successfully at FPTC for which there exists a CSU equivalent and could be more or less than the number of transfer credits in the example above.

** EMS Notes:

- Only the most advanced EMS certification will be considered for transfer to CSU degree program.
- State or NREMT license must be submitted for possible transfer credit to undergraduate CSU degree programs.
